Andrew Johnston  
Advance Business Strategies  
309 MacDonald Street  
Port Perry, ON L9L 1L6

Dear Andrew,

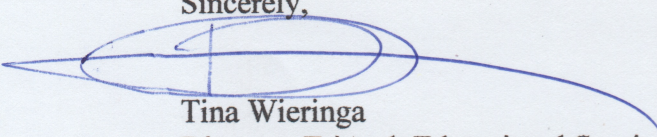

I would like to thank you for the outstanding dedication and support you provided Tina and I with over past two months with the business alignment for TriArch Educational Services.

Since TriArch's establishment seven years ago, it has grown to over 40 employees, 80 students and five centres. With this development comes various challenges regarding human resources, marketing, finances and time management. However, as a result of your weekly consultations, we have been able to organize these areas and focus on what needs to be accomplished in an organized timeframe, while still remaining hands on with the day to day activities of TriArch.

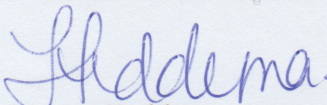

It started with the simple rule of scheduling a time every week to meet with you to discuss the overall business strategy and goals for TriArch. Something every business owner dreams of but can never seem to find time to complete. Your expert advice and practical suggestions for improvement during these sessions have been invaluable and will continue to be as we implement the plan created.

Thank you again for your recommendations and ongoing support. We would not hesitate to recommend your consultation or coaching services to any small business owner.

Sincerely,

Tina Wieringa  
Director, TriArch Educational Services

Loreen Feddema
